SUMMARY

BSc Information Technology graduate with strong knowledge of full-stack web development. Skilled in HTML, CSS, JavaScript, and SQL, with working knowledge of MERN stack. Experienced in building responsive web applications and interactive projects. Looking for an opportunity to apply technical skills, contribute to meaningful projects, and grow in a professional environment.

SKILLS

- Frontend: HTML, CSS, JavaScript, React.js, Tailwind.css
- Backend: Node.js, Express.js
- Database: MongoDB, MySQL
- Libraries/Tools: Mongoose, Git, GitHub, Postman
- Languages: English, Hindi.
- Other Skills: Problem Solving, Debugging, Responsive Design

PROJECTS

Hotel Management System

- Technologies: HTML, CSS, JavaScript, PHP, SQL
- Developed a responsive hotel website with multiple pages and modern UI
- Implemented navigation, layout design, and user-friendly interface
- Used CSS styling and JavaScript for interactivity

ShopKart – E-Commerce Cart Application

- Technologies: React, JavaScript, React Router, Context API
- Built a responsive e-commerce cart application with product listing and cart management functionality
- Implemented global cart state management using Context API and useReducer
- Implemented add, remove, clear, and quantity update operations with dynamic item and price calculations

Project Camp – Project Management System

- Technologies: React, Node.js, Express.js, MongoDB, Mongoose, Tailwind CSS, JWT, Cloudinary
- Developed a full-stack project management application with project and team member management.
- Implemented task, subtask, notes, and file attachment functionality.
- Built secure RESTful APIs with JWT-based authentication and role-based access control.
